

Certified Supply Chain Professional (CSCP) Course

Contact IPICS SCM Institute for details of our APICS Certified Supply Chain Professional (CSCP) program

The Certified Supply Chain Professional program has been designed by APICS to provide the skills necessary to understand and manage increasingly complex Supply Chain Networks from a practitioner's perspective.

Building on your experience and previous SCM qualifications, achieving the APICS CSCP designation, will enhance and consolidate your supply chain management knowledge and expertise and provide you with an internationally recognised supply chain certification.

The CSCP program is structured in three modules examined in one 3.5 hour exam.

1. Supply Chain Design
2. Supply Chain Planning and Execution
3. Supply Chain Improvement and Best Practice

Note: You must have pre-approval from APICS to register for the APICS CSCP exam.
