

Monday 7 – Tuesday 8 October 2019

## Demand Driven S&OP Experience – Executive Workshop

### Workshop Introduction

This workshop provides a broad and practical decision-making experience of implementing DDMRP buffer configuration in a simulated real-world environment. We cover concepts of DDMRP buffer methodology and experience the positive impact in a risk-free environment. The workshop progresses through the phases of buffer configuration, the Demand Driven Operating Model (DDOM) activities, through to initiation of DDS&OP processes. Teams in this workshop will qualify for the Global Professional Challenge 2020.

Start	Finish	Workshop Component Day 1
08:30	09:00	Registration & Internet Connection
09:00	10:00	Welcome and The Fresh Connection Overview
10:00	10:30	Forming the teams: VP role selection with the multiskilled grid
10:30	10:45	Coffee / Tea & TFC Login
10:45	11:00	Kick-off and Executive Briefing with CEO of TFC
11:00	11:50	DDS&OP Experience Round 2
11:50	12:00	Results & Discussion
12:00	12:30	Introduction to DDMRP
12:30	13:30	Lunch
13:30	14:20	DDS&OP Experience Round 2
14:20	14:30	Results & Discussion
14:30	15:00	Design your Process
15:00	15:15	Coffee / Tea
15:15	15:45	Choosing a strategy
15:45	16:45	DDS&OP Experience Round 3
16:45	17:00	Results & Discussion
Start	Finish	Workshop Component Day 2
08:30	08:45	Review the DDS&OP Model
08:45	09:45	DDS&OP Experience Round 4
09:45	10:00	Results & Discussion
10:00	10:15	Coffee / Tea & TFC Login
10:15	10:30	Introduction to Demand Driven Adaptive Enterprise
10:30	11:15	DDS&OP Experience Round 5
11:15	11:30	Results & Discussion
11:30	12:00	What next for a Demand Driven project?
12:00	13:00	DDMRP in SAP S/4Hana
13:00	14:00	Lunch
